

## JOHNSON RUNS HIGH IN ILLINOIS, TOO

Though Name Had To Be Written On Ballot—Lowden Carries His State Over Wood

(By Associated Press)  
Chicago, April 14—According to latest returns today Governor Lowden, of Illinois, won the republican Presidential preference primary in his home state yesterday by a plurality of 64,574, according to returns from all but 430 scattered precincts. Major General Wood carried Cook county by 27,000. Senator Hiram Johnson, of California, whose name had been written on the ballot, surprised the political managers by rolling up a vote of 45,000 in Cook county alone.

No names of presidential candidates were printed on the democratic ballot. Returns last night showed that the various candidates had received a scattering vote.

The names of A. Mitchell Palmer, Wm. G. McAdoo, William J. Bryan, Herbert C. Hoover and former Senator James Hamilton Lewis, were written on the ballot most frequently.

Mayor William Hale (Big Bill) Thompson, of Chicago, will control the republican county committee, and probably will be re-elected to the National Committee. Early returns showed his candidates were successful with one possible exception. It was charged that Thompson "traded" Lowden for Wood and Johnson.

In the Tenth Congressional district Edgar J. Cook was a Johnson candidate for delegate to the convention. Early returns indicated that he had won.

The strength developed by Senator Johnson was a surprise to politicians. He had made no campaign in Illinois, and his organization did not enter him in the primary election contest. It was not until last week that his friends sent out word to "write in" Johnson.

### Irish Strike More Serious

(By Associated Press)  
Dublin, April 14—The general strike declared yesterday in protest against the treatment of the Irish hunger strikers in prison here, continued today with added tenaciousness and increased fears of serious development. Sixty thousand workers are on strike in Dublin alone. It is reported they are gaining ground elsewhere.

#### Aguinaldo Seriously Ill

(By Associated Press)  
Manila, P. I., April 14—General Emilio Aguinaldo, one of the leaders of the Filipino insurrection, who was captured in March, 1901, by the late Major General Frederick Funston, is seriously ill in a hospital here.

Gen. Aguinaldo underwent an operation for appendicitis about two months ago, but the wound did not heal and inflammation set in. It became necessary to open the wound and it was found that a small piece of sponge remained after the stitches had been taken. Aguinaldo has for several years been engaged in business in Manila.

#### The Finest Holstein Calf

(By Associated Press)  
Woodland, Cal., April 14—A bull calf, said to be the finest bred Holstein in the world, was born recently at the A. W. Norris ranch near here. Its dam is Tilly Alcarra who holds seven years record for milk production and the sire is Carnation King Sylvia, owned by the Carnation Stock Farm, Seattle, Wash. purchased as a calf by the present owners for \$106,000.

## AMERICAN CUTS 75 PER CENT MELON

(By Associated Press)  
New York, April 14—Directors of the American Tobacco Company today announced a common stock dividend of 75 per cent payable to holders of Class B of record July 15th. A special meeting of the stockholders is called for May 6th to approve the action. The F. W. Woolworth Co. announced its stockholders will be asked at their annual meeting on May 19, to increase the common stock from \$50,000,000 to \$100,000,000, and to declare a stock dividend of 30 per cent.

## CIVILIANS TO RUN NEW YORK TRAINS

(By Associated Press)  
New York, April 14—Freight service here virtually remained paralyzed by the railroad strike here today. First reports, however, indicated isolated return of strikers to work. Meanwhile civilian volunteers began drilling in terminals here to operate suburban trains.

Morning reports of the general situation indicated that while in the west the peak of the strike had been met and passed; in the middle west and in the New York district, the roads had difficulty in more than holding their own.

### Nothing Made Public When Cabinet Discusses Strike

(By Associated Press)  
Washington, April 14—President Wilson and the Cabinet discussed the railroad strike for more than an hour today, and apparently reached some conclusion but there is no intimation as to its nature. Attorney General Palmer said "It is fair to conclude the strike situation was discussed but I'm not prepared to say what conclusion was reached." Other members of the Cabinet refused to make a statement, referring inquiries to the Attorney General. Some intimated, however, that a definite decision had been made one way or another as to government intervention. Palmer immediately after the meeting, summoned his assistants who have been keeping in close touch with the strike.

Soon after the Cabinet meeting President Wilson telegraphed members of the newly made railroad and labor board to come here prepared to function as soon as their nominations are confirmed by the Senate.

### Reds Using R. R. Strike

(By Associated Press)  
Washington, April 14—Bulletin—Evidence has been obtained by the Department of Justice, it was said today, to show that the Russian Communist International is undertaking to use the railroad strike for creation of a mass strike in the United States, followed by a revolution.

### Dr. Angell Chosen

(By Associated Press)  
New York, April 14—It is announced today that Dr. James Rowland Angell, for years Dean of the University of Chicago, was elected president and chief executive officer of the Carnegie Foundation.

### Train Dog To Lead Blind Girl

(By Associated Press)  
San Francisco, April 14—A half grown collie dog, humane workers here have learned, is being trained at Pleasanton, a town across the bay from San Francisco, to take care of a little girl who is gradually losing her sight.

Little hope of the child regaining her eyesight is held, and it is believed that the dog will be able to lead her safely when she is no longer able to make her own way about alone.

## DANIEL BOONE'S OLD TRAIL EXPOSED

By Sewer Excavation At Corner of Main and Second—Old Time Tales Told

The old Daniel Boone trail was struck about three feet under the surface at the corner of Main and Second streets this week as the John B. McLane Company proceeding out Main to the west, with the main trunk sewer, reached the big cistern at the corner. The big brick cistern has not been in use since the water works system has installed a number of years ago.

Three feet down, a stratum of rock road shows very plainly and immediately on top, three is about a foot of dirt which old timers say was the "mud road" that was placed on top of the original rock highway, when the proposition of piking the state highway on to Lexington became agitated back in the early '40s. There is said to have been a strong sentiment against improving the roadway and making it passable for teams in the winter. Quite a number declared themselves for mud roads. A prominent man said Wednesday that many of their descendants are living today in Madison and have inherited many of their forefathers' traits. Anyway, the issue of rock or mud roads was fought out and during the campaign, friends of the rock road, brought in some real dirt and spread it over the parts of the highway that were traveled principally. When it rained the mud is said to have been two feet deep at the corner of Main and Second streets and the excavations clearly show the mud layer. But the rock advocates won and the pike was built on to Lexington.

Old timers are telling different stories of the use to which the large cistern was put when the water it contained was the only safeguard against fire for this section of town. The cistern is said to have been pumped entirely dry at the time the old Glyndon Hotel burned. At another time, a store caught fire, and many were carrying out goods to save them. A gentleman named Parrish saw a negro youth slipping off with several bundles, and catching him dropped him in the cistern, and went on fighting the fire. When the blaze had been extinguished, Mr. Parrish remembered the young negro and went to the cistern. It was said that if the boy had been two inches shorter in height he would have drowned, but that by standing, on tiptoe, he had been able to keep his nose above water and so was fished out.

Many other tales are told of the early days before modern conveniences were to be had. The Daily Register would be glad to print reminiscences of those days if any of its readers will kindly supply them.

Properties of Zinc.

Zinc is ductile between 212 and 302 degrees Fahrenheit, and can then be shaped as required. But when either above or below these limits it becomes brittle and unpliant, and therefore not adapted for treatment. It melts at about 783 degrees Fahrenheit if volatilization is guarded against.

**IN CONSTANT USE BY  
PHYSICIANS EVERY DAY**

Medicinal Value of S. S. S. Is Fully Recognized.

Almost every human ailment can be traced, one way or another, to impurities in the blood. So you cannot overestimate the importance of keeping your circulation built up, so that your heart will be constantly pumping rich, red, life-giving blood to all parts of the system. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every one is equally exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they find a fertile field in your system to spread disease.

Over a hundred years ago the Indians made many excellent remedies and tonic from roots and herbs gathered from the forests. One of these formulas was handed down to the white man and for

more than fifty years has been used as S. S. S., which is recognized as the best known blood medicine on the market.

This fine old remedy is still made as of old from roots and herbs of proven medicinal value. In fact, physicians everywhere recognize the wonderful efficiency of these roots, and they are prescribed in some form or other almost daily.

And now after being in constant use for more than half a century, S. S. S. is more popular than ever. It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results.

S. S. S. is a very valuable agent in the treatment of Catarrh, Rheumatism, Eczema, Tetter boils, pimples, skin eruptions, malaria, and other disorders that come from blood impurities.

It is also without an equal as a general tonic and system builder. By its efficacy in cleansing the blood of impurities, it builds up the appetite and gives new life and vigor to the entire body.

**A Call To Kentucky Democrats**

The State Democratic Campaign and Advisory Committee has issued a strong appeal to democrats of Kentucky, to send a high type of men to the conventions May 1st and 4th to represent their wishes in selecting a national standard bearer. The call sent out should strike a chord in the heart of every Democrat who want to see his party go forward. It follows:

"We address in particular those Democrats who have not always actively participated in party affairs," the statement continues. "You should now make a sacrifice, if need be, to send a delegation of high type men and women whom no 'poison' or 'poisoners' without patriotic reason can control."

"This is no time to leave matters of party organization to persons politically interested; no time for selfishness on the part of substantial men and women who have the welfare of their community and their country at heart; no time for factions or selfish interests to hold sway."

"Our country is weighed in the balance, and if the men of affairs, men and women of solid thought and disinterested purpose do not throw their strength and influence into the scale our country may be found wanting before the world. The national convention at San Francisco in June will be a test of American statecraft."

"Kentucky's delegation should play its part with an eye singled toward a heart bent upon saving the soul of the nation that has given to the world its greatest opportunity to be free."

"This is the kind of a delegation, the kind of a democracy that your committee with one united purpose stands for, and we ask you to hold up our hands."

Herbert Hoover is the most popular presidential candidate among the male students of Georgetown College, as was attested by a straw vote held Friday morning. Governor Jas. M. Cox was second to Hoover and Governor Lowden was third.

**Says Daily Register Adv. Rays**

June H. Reid, who recently came from Berea and joined the Richmond Welch Company staff, is already convinced that an advertisement in the Daily Register pays well. He inserted a small adv. for a house or apartment in Monday's paper, and says that he had five or six telephone calls within an hour after the paper had gotten out in town. He secured a place that he believes will suit him, and is mighty well pleased with the returns from the little adv. that cost him only a quarter.

**Two Old Wires In Old House**

An interesting feature of the old MacMordie residence in Mercer county, in which papers more than a century old were found by workmen, are two wires strung under the flooring which extend to the garret behind the plastering. They were installed before the days of doorbells or electricity, and it is believed that they figured in a signalling system for the household in perilous days of the long ago.

Mr. Holt, representing Muncy Bros., was in Irvine last week on business.

**WHY BE DULL AND  
LANGUID THIS SPRING?**

"Spring Fever" Is Natural, But  
Not Necessary—It's Due To  
Sluggish Blood

Keep Feeling Your Happiest!

Purify and Tone Up Your Blood  
With That Famous Tonic,  
**Pepto-Mangan**

Do you seem unable to do any work, to concentrate, to take any interest in things during the wonderful Spring days? Do you feel just "useless and no account?"

Nothing is really the matter, except that, as happens every Spring, your blood is clogged—it is sluggish with poisons from its long Winter fight.

In time, your blood will probably adjust itself. But meanwhile you fret and worry, feel unhappy—and accomplish nothing. Why do it, when it is easy to clear up your blood by taking Pepto-Mangan for a while? For thirty years, doctors have been recommending this effective and agreeable tonic to purify and build up the blood of run-down, listless people.

Feel your best! Have a fine color, and spring in your step. Be vigorous, happy, red blooded. Get a bottle of Pepto-Mangan today. The nearest druggist has it, and in either liquid or tablet form, just as you prefer. There's no difference in medicinal value.

But be sure you get the genuine Gude's Pepto-Mangan. Ask for it by that name—"Gude's Pepto-Mangan," and be sure the full name is on the package.

Miss Elizabeth Hanger left Tuesday to resume her work in Miss Byrd's school, New York, having spent a ten days' Easter vacation with her parents at Arlington.

Numerous friends here will be sorry to hear of the illness of Mr. Howard Neal Thompson in Detroit, Michigan, who has diphtheria as stated in a message from his wife to his mother, Mrs. Mary Neale Thompson at the Colyer flats.

Mrs. Cassius M. Clay gave a beautiful reception at her home in Paris Friday afternoon. Those from Winchester who attended were Mrs. J. M. Benton and daughter, Mrs. Willie Battelle and Mrs. Hampton Bush—Winchester Sun.

Mr. and Mrs. Orville Boone are the proud parents of a fine son at their home at Paint Lick. The little tranger has been christened Daniel Marshall. Mrs. Boone was before her marriage, Miss Hettie Williams, one of Madison's popular teachers.

Mrs. J. W. Caperton left Wednesday to attend the National D. A. R. meeting in Washington City. She will be joined in Lexington by Mrs. C. D. Chenault, who has been elected to fill the place, as Regent, vacant by the death of Mrs. Sam Shackelford, of Frankfort.

**Nearly Died In Smokehouse**  
Mrs. W. A. Toombs, of Hopkins county, had a narrow escape from suffocation in her smokehouse when the door closed and a spring lock fastened it while she was cutting meat. A large fire had been built, and it is believed she would have succumbed to the wood fumes if her cries had not brought help.

**Look At Your Tax Receipt**  
We hope that every taxpayer in our county will look at his tax receipt before he votes this fall. This will give him the very best idea of the "economy" which the Morrow administration is practicing. Morrow and the Republican ticket were elected because the people took them at their word that expenditures would be cut, and useless offices abolished. Instead, taxes have been raised enormously, and the pledge to abolish useless offices either evaded or deliberately violated. We do not believe that our citizens will be very anxious to continue voting the Republican ticket when they see their tax receipt, in the face of a solemn promise of strict economy.

## FIGHT PHONE RAISE

## She Prayed for a Dishpan—Got It!

MAJOR JENNIE WARD.

TYPICAL of the hand-to-mouth existence led by the Salvation Army in its early days in this country is the

story of how prayer brought a much-needed dishpan to Major Jennie Ward, the beloved head of the Army's famous Cherry Street Slum Settlement and Nursery on New York's East Side.

So much poverty and suffering existed in the neighborhood at the time that the Major and her helpers did not feel justified in taking even a slim dime to buy a new dishpan. Finally the Major and her assistants went down on their knees and prayed for a dishpan, just as they had prayed for guidance in their work of relieving the distress about them.

That evening, the Major set out with her tambourine to collect such money as she could on the streets and in the saloons thereabouts. In one of the "gin-mills" was an utterly inebriated man with a large bundle.

"Here, shishier," he mumbled, as the Major rattled her tambourine before him, "I ain't got no money, but yer-lic-welcome to yish."

"It was a fine big dishpan," said the Major the other day, as she reminisced about her work of thirty years ago.

## THOSE HIGH-PRICED CUTS

In reference to inquiries whether porthouse steaks and other "choice" meat cuts carry such small waste as to make them actually as economical as the less costly cuts, the Department of Justice has received today the following statement on the subject by the Home Economics Department, State Relations Service, Department of Agriculture:

"Suppose, for example that porthouse from an animal of a good kind and grade is selling for 60c a pound and steak about 30c and chuck ribs, one of the best cuts of the forequarter for 20c. A dollar at the prices assumed, will buy about two pounds of solid edible meat from the cut known as chuck, three pounds from the ribs and only one and one-half pounds from the porthouse. To this should be added the fact that because of the way in which porthouse is usually cooked no nutriment is obtained from the bone, while by the long slow process by which the cheaper cuts are prepared (except when they are boiled or fried) the short ribs, fat and flavoring material of the bone are extracted.

## YOUNG GIRLS MADE STRONG

Mrs. Boyd Tells How Her Daughter Benefitted by Taking Lydia E. Pinkham's Vegetable Compound.

Darville, Mo. "My daughter was very delicate and we thought we could not raise her. She was troubled with irregularity and she was not able to go to school. For a year we gave her all kinds of tonics but no good. One day one of your little books was thrown on our porch and I saw what Lydia E. Pinkham's Vegetable Compound had done for others and what it might do for her. Now she is getting fat and goes to school every day. You can tell every mother what the Vegetable Compound has done for my daughter." Mrs. J. H. Boyd, 100 N. Jackson St., Hannibal, Mo.

If every girl who suffers as Miss Boyd did, or from irregularities, painful periods, backache, indigestion, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such troubles.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

The Bushmanland desert, in southwest Africa, is but little known. A few nomads—some of European and some of mixed descent—hang on its fringe. # SPRING IS HERE BUT ARE YOU READY TO PARTAKE OF PLEASURES OFFERED?

Trutona Is Daily Winning Unstinted Praise From Hundreds For Overcoming Tired, Draggy 'No-Account' Feeling So Prevalent During The Present Season

Does the coming of spring with all its pleasures mean anything to YOU?

"That all depends" may be your answer and admittedly "it all depends"—it all depends upon whether or not your system has withstood the exacting siege of winter that leaves in its wake many thousands of people with completely run-down systems.

In fact, conspicuously in the minority are those who have completely avoided the ravages of winter maladies. True, there are thousands who were successful in warding off attacks of influenza and still more thousands who escaped pneumonia, but WHO IS THERE THAT DID NOT EXPERIENCE AT LEAST ONE HEAVY WINTER COLD DURING THE PAST SEASON? Remember only second in severity to pneumonia and influenza, is the heavy, winter cough or cold.

Like pneumonia and influenza, winter coughs and colds tend to weaken and materially affect almost every vital organ of the body. People who have suffered a heavy winter cough, yet feel that their systems have escaped the strain of winter weather, are sadly mistaken. If they could but grasp the facts, they would

not wonder why they feel so tired, sluggish, lifeless and generally out-of-fix, when they know they should be full of pep and vitality, in perfect harmony with the invigorating breezes and sunshiny weather of spring.

Thousands of people are now taking Trutona, the Perfect Tonic, to overcome this weakened condition so prevalent at the close of winter and hundreds of public statements now being made daily, prove that none has been disappointed in Trutona as a reconstructive agency, system purifier and body invigorator.

Trutona does its work quickly. It speedily attacks the impurities in the blood that might, if left alone bring serious results. It rebuilds broken down tissues, strengthens the nerve centers and produces proper digestion and assimilation of food, at the same time throwing off any decayed matter that may have accumulated.

In short, Trutona thoroughly and efficiently tones up every organ of the body and gives to your physical being the vigor and vitality, which alone can place within your reach the many pleasures which spring offers to the healthy man and woman.

Trutona is sold in Richmond at the Richmond Drug Co.

The destruction of that \$5,000 home you built a few years ago would lose to you the original cost, plus another \$5,000. For it costs \$10,000 now to build the \$5,000 home of 1914.

Likewise the loss of today of the business property that cost \$50,000 before Germany went mad, would be \$100,000—probably \$100,000 would not replace it.

### SAMUELS RAIDING CITY MOONSHINERS

Deputy Collector Hugh Samuels, of this city, who is one of the chief raiding officers in the Prohibition Enforcement division had a busy week around Covington and Newport last week. He took part altogether in six raids, and "got the goods" nearly every time he started. Mr. Samuels is making a great record in Uncle Sam's service and his friends are watching his work with much interest. The Cincinnati Commercial Tribune had the following about several of the raids in which he participated:

Federal prohibition enforcement officers made three raids yesterday and last night in Covington and confiscated a large quantity of beer, raisin wine and other liquids. Harry Klaene, Deputy United States Marshal, accompanied by H. M. Samuels, prohibition officer, last night entered the home of Albert Shea at 424 Chestnut street, Newport, Ky., and seized a home-made still and a quantity of mash.

The raid created a great deal of excitement in the neighborhood. Shea saw the officers approaching and fled to the roof of his home, closely pursued by the officers. Shea then fled to another roof. He hid there, but was found by the officers and placed under arrest, charged with violating the prohibition laws.

The United States authorities allege they found a still in the shape of a copper boiler in Shea's home, together with a quantity of mash. The mash was poured into the sewer. The still was taken to the Federal Building in Covington for use as evidence.

Early yesterday morning Prohibition Officers H. M. Samuels and Geo. L. Hannan, and Omar Stubbs, Deputy United States Marshal, visited a building in which William G. Jewel conducts a saloon, Seventh and Main streets, Covington.

The officers found more than 500 gallons of home-made beer and five gallon jugs containing raisin wine.

A further raid was made when Revenue Agent Harry Klaene, Prohibition Officers Neal Gilfoil and H. W. Samuels and Deputy Marshal Omar Stubbs swooped down on a social club at 301 Crescent avenue, Covington, which they say is conducted by George Williams, a former grocery keeper.

The officers found in the room fifty dozen bottles of home-made beer and eight twelve-gallon fermenters. The beer and fermenters were loaded on a truck and stored in the basement of the Federal Building.

### "PIRATES OF HAWAII" MAKE BIG HIT

A crowded auditorium greeted the "Pirates of Hawaii" presented Tuesday evening at the Normal. The opera was a decided success, every member of the cast displaying the thorough training of the director, Dr. S. S. Myers, who has labored faithfully the past few weeks in bringing out a performance above the amateur style.

Members of the cast deserving special mention, were Miss Zerelda Baxter, as Dorothy, Mr. Samuel Deatherage as Billy Wood, the gallant lover of Dorothy, Miss Margaret Stipp, a typical old maid in charge of a private school for girls; Mr. Lloyd Moore as Pirate Chief in which Captain Kidd himself could not have portrayed the part better. Miss Alice Clark Kellogg as soloist in the Hawaiian chorus displayed a sweet soprano voice, and the work of both choruses reflected credit upon the director. In fact, every member helped to make this one of the many splendid attractions which are being offered at Eastern from time to time.

### 75 FARMERS INSTALL ELECTRIC LIGHT PLANTS

The Madison Electric & Power Co. is conducting a large advertising campaign this week on the Delco Plant which they have sold the past year or more. In talking to a Daily Register man this week Mr. Davison stated there are 75 farmers in Madison county who have installed electric plants, the latest reports being sales made to Mr. J. C. Farley and Mr. Harry Allen. The company received a car load of these plants this week, and have recently made several sales of this popular lighting plant in adjoining counties.

### NEEDLE-GUILD TO MEET

## KANSAS CITY WOMAN GAINS TWENTY POUNDS

Mrs. R. T. Butts Says Her Life Was Miserable For Two Long Years Before She Began Taking Tanlac—Now Enjoying Fine Health.

MRS. R. T. BUTTS  
of Kansas City, Missouri

"If it had not been for Tanlac I would still be a sick woman, so I feel like I ought to tell everyone what this wonderful medicine has done for me," was the sincere statement made recently by Mrs. R. T. Butts, 1924 Troost avenue, Kansas City, Missouri.

"By the help of Tanlac I have gotten rid of a severe case of nervous indigestion that had made my life miserable for the past two years. The gas on my stomach would rise up into my chest and press on my heart and at times would almost cut off my breath. My nerves were so upset that the least unexpected noise would almost distract me. I seldom slept well and was so nervous I would often roll and toss until after midnight and what little sleep I did get seemed to do me no good. I was also a great sufferer from headaches and would often get so dizzy I would have to hold on to something to keep from falling."

"One day I happened to see a testimonial to Tanlac, describing a case like mine, so I bought a bottle and before I had finished it I began to feel just like a different person. Those terrible headaches disappeared and my appetite returned. When my first bottle was gone I got another and I kept on improving until now I can eat just anything I want and I never suffer any more from indigestion. I am not the least bit nervous and rest well at night and never know what it is to have a headache or dizzy spell."

"Tanalac has not only relieved me of my sufferings, but I have actually gained 20 pounds in weight and have not enjoyed such good health in years. Tanlac is certainly a wonderful medicine and I will always feel grateful for what it has done for me. I want to recommend this medicine to all my friends because I believe it will benefit anyone who is suffering as I did."

Tanalac is sold in Richmond by Stockton and Son.

## PREACHER SAW NEGRO BREATHE OUT FIRE

(Louisville Times)

Inspired by the missions of James Moore Hickson, the Rev. Finley F. Gibson, pastor of the Walnut street Baptist church, preached last night on faith from a passage in the Old Testament, in which he described the leprosy of Naon, the great biblical warrior of that period and how Elijah healed him by the injunction that he submerge himself seven times in the River Jordan, when, he was told his leprosy would disappear. In making a practical application of faith he described an incident of a recent visit to Memphis, Tenn. Dr. Gibson said, in substance:

"While in Memphis last week I was told that it contained the most wonderful negro man I have ever heard of; that this negro could blow his breath on my handkerchief and set it afire. I said it was impossible; that I could not and would not believe that such a thing could be done; that such an almost impossible freak of nature I could not believe until it had been demonstrated to me and others in my presence.

"The negro, who is a devout Christian, 60 years old, was brought before me with a number of other ministers present. His sleeves were rolled up and he was made to wash his mouth thoroughly with ice water. I held my handkerchief before him, and he blew his breath against it, and to my astonishment, it was set afire. Here is the handkerchief." He showed it with four burned holes in it to the congregation.

"Now, if you don't believe me go to Memphis and see for yourself," continued Dr. Gibson. "This negro man is employed in the Illinois Central Railroad shops in that city. He has been offered \$700 a week to exhibit this wonderful gift he has possessed since a child, on the stage, but has refused, saying that the good Lord endowed him with this remarkable gift and he would not commercialize it."
